# Building and Code Enforcement

Immediate access to vital information, even in the field.

- Manage complaints and violations seamlessly from office to the road –Municity Mobile allows Inspectors to conduct all stages of an inspection in real-time

- Take photos or video on site from your mobile device and add it directly to the inspection record

- Cite local municipal codes and ICC codes* directly on violations with our lookup tool

- Generate Notice of Violations and Inspection reports either in office or in the field
