

Municipality Connect Portal

Allows citizens & contractors fast, secure online access to permitting activities.

- View all parcel information through a web browser (content determined by the municipality).
- Online secure access to apply for permits, licenses, registrations, or title search. Users can also request an inspection or file a complaint online.
- Follow the status of an application or permit throughout the review process.
- View upcoming and past inspection appointments and/or results.
- Ability to conduct searches, view shared documents, or run specified reports.
- Upload plans/documents and pay fees.*

* Note: Requires payment processor contract to complete, sold separately. List of approved payment processors available upon request.
